## From the Principal

### School overview

El Arish State School opened in 1922 and enjoys a proud history of connectedness with the close knit community that is nestled within the Mission Beach Hinterland. Our students benefit from the 'best of both worlds' as we offer progressive modern education, delivered in a setting that emphasises our rural location of large open spaces and abundant native flora and fauna. We surround our students with possibility and opportunities in areas including academia, sport, culture and community responsibility. Our exceptional teachers go the extra mile to ensure that students are offered the opportunity to fulfil their potential both in and beyond the classroom. We embrace our obligation to prepare young people to make their way in the world as confident, caring and responsible citizens. The happiness, security and development of each child is central to our work. Teaching and learning is not a formula and one size does not fit all students. Our experienced staff value knowing each and every child and accommodating their unique learning requirements. Both staff and students benefit from the flexibility to deploy a range of research-based, high-impact strategies to ensure our students are able to grow beyond expectations. Targeted teaching and connected learning are the cornerstones of our school. We believe everyone can learn. El Arish State School was founded on strong community partnerships. We continue to build partnerships between students, staff, families and the wider community to benefit our students and achieve outstanding results.

2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

## Average class sizes

Table 2: Average class size information for each phase of schooling

| Phase of schooling | 2017 | 2018 | 2019 |
|--------------------|------|------|------|
| Prep – Year 3      | 20   | 20   | 17   |
| Year 4 – Year 6    | 15   |      |      |
| Year 7 – Year 10   |      |      |      |
| Year 11 – Year 12  |      |      |      |

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

| Utility category  | 2016–2017 | 2017–2018 | 2018–2019 |
|-------------------|-----------|-----------|-----------|
| Electricity (kWh) | 11,227    | 27,060    | 33,157    |
| Water (kL)        | 1,422     | 505       | 923       |

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
